[Preparing Your Gluck Fellowship for Online Learning – Live and Digital Asynchronous Outreach Programs - A 5-part video series](#)

Abstract:

We have created this five-part video series outlining the options for meeting Gluck fellowship outreach obligations for Classroom Fellows – Live Synchronous Programs on Zoom and Digital Asynchronous Programs for upload to the Gluck website. Use this syllabus, the 5-part video series, and the Classroom Fellows Handbook for complete fellowship information. The 5-part series was made as a model Digital DIY Curriculum, and uses the same format as a Digital DIY Curriculum.

2020-2021 will be an unprecedented year with the Covid-19 pandemic creating the need for social distancing and online learning in the classroom as well as asynchronous digital materials for students to access. Gluck fellows must be prepared to meet the challenges of this new paradigm.

Target Audience: Gluck Classroom Fellows

Learning Objectives/Outcomes:

By the end of this 5-part video series, Gluck fellows will...

- Understand their Gluck fellowship obligations, and how to achieve a complete fellowship.
- Be equipped in how to find options and information for fellowship completion.
- Begin the steps necessary for live and digital asynchronous program presentation.

Biography:

The Gluck Fellows Program of the Arts, celebrating its 25th anniversary in 2021, has a strong record in the community for arts education in schools and community centers. Gluck fellows are widely known for their outreach visits presenting over 700 in-person live sessions annually! Christine Leapman, Assistant Director, and Joseph Santarromana, Program Coordinator, are available to help you organize and navigate your Gluck Classroom Fellowship.
