

Printable Flat Piano And DIY Instructions

*Refer to “How to Make Your Flat Piano” movie for video instructions

Make your own Flat Piano

What you'll need:

- Piece of 8x11 inch Paper
- Pen or pencil
- Ruler (optional)

Instructions:

1. Hold piece of paper horizontally
2. To make the white keys, draw 7 vertical lines equally distanced from each other from the top of the paper to the bottom (if using a ruler, lines should be about 1 1/4 inches from one another)
3. You should have 8 rectangles total.
4. Label each rectangle, from left to right: C D E F G A B C
5. To make the black keys, draw rectangles around the lines between:
C and D, D and E, F and G, G and A, A and B
6. Color in the rectangles, and you are ready to play!
