Step 1:
Once you have your idea, begin with big shapes that are closer to the foreground. Use thicker lines in the foreground.

江潯暮潮初落風林霜葉渾稀俏
枚柴門閒穽懷人山色依微至正癸
卯九月望日戲為
膝伯微君寫此并賦小詩伊瓚

Step 2:
Add a middle ground with medium sized lines. Make any trees or figures smaller as they get fartheraway

Step 3:
Now use thin lines for the background. Objects get lighter and smaller as they become more distant

Step 4:
Complete your picture with any final details. Use the full variety of line that your pen can make.
